### VISION

To develop young professional human resource to serve the health care needs of the nation and globe by synergizing quality nursing education and ethical values.

### MISSION

- To provide quality nursing education emphasizing human caring and holistic health through the state-of-the-art infrastructure, good teaching-learning process and excellent clinical exposure.
- To facilitate students to imbibe professional ethics and societal commitment, so that they become competent, committed and compassionate nursing professionals to serve the nation and global needs.

### ABOUT SREE SIDDAGANGA MATH

Siddaganga Math is an ancient ashram fostering a continuous line of illustrious "ShivaYogi Siddapurushas". The Math was established by Sree Gosala Siddeshwara Swamiji in 15th century A.D. The Math is situated amidst a divinely serene and colourful landscape at a distance of 63 Km from Bangalore, India. The Math has been developed in to a much-visited pilgrimage. Sree Siddaganga Math practices the contemporary principles of Indian social and religious culture Vidyadana (Imparting Education) and Annadana (Offering free food). Sree Siddaganga Math has also followed the twin philosophies of 12th century social reformer Shri Basaveshwara, namely Kayakave kailasa which means "Work is Worship" and Dasoha (distribution of excess earned to the needy). As an abode of charity, Sree Siddaganga Math through its unique Gurukula has provided free education, food, and shelter to thousands of underprivileged rural children without any discrimination and who have come from across the length and breadth of Karnataka and neighbouring states.

In the year 1902, His Holiness Sree Sree Atavee Swamigalu started a small Sanskrit Gurukula, where free education in the ancient text was imparted. This small effort later became a college in 1937 during the period of His Holiness Sree Sree Uddana Shivayogi Swamiji's time. Sree Siddaganga Math has become a unique Gurukula providing education to more than 10,000 poor children with free food and shelter. The strength of this Gurukula service has steadily grown in years, as there was only one teacher and 20 students when it was started. By the year 1917, there were about 40 students belonging to all faiths and communities. When His Holiness Sree Sree Sivakumara Swamiji assumed the full responsibility in 1941 there were about 200 students. The ceaseless and untiring efforts of Sree Sree Swamiji have resulted in the present magnitude of more than 10,000 children. For the un-matching period of 88 years His Holiness was the head of this holy place. Even at the age of 100+, he was very active, agile, with unfailing sight and stable movements. Probably in the religious history of any country, he may be the only one, who has been a head of a holy place which is secular in act, for such a long and continuous period.

**Mass Prayer at Sree Siddaganga Math**

### SREE SIDDAGANGA EDUCATION SOCIETY (R.)

Dr. Sree Sree Shivakumara Swamiji has founded and nurtured Sree Siddaganga Education Society in 1963 & running more than 123 educational institutions in various locations of Karnataka. The Society takes pride that the outgoing students of its institutions have successful career placements and a large number of them have occupied the coveted jobs in private and public sectors. Since 1963, the growth of the Society is phenomenal. This has been possible mainly due to the strong conviction, clarity of vision, determined plan of action of the management and dedicated band of people and their down-to-earth approach. The vision of Dr. Sree Sree Shivakumara Mahashivayogigalu of providing quality education has been carried forward by His Holiness Sree Sree Siddalinga Swamiji, the incumbent President of Sree Siddaganga Education Society.

## SHREE SIDDAGANGA INSTITUTE OF NURSING SCIENCES AND RESEARCH CENTRE

Shree Siddaganga Institute of Nursing Sciences and Research Centre was established in 1993 by Sree Siddaganga Education Society and is affiliated to Rajiv Gandhi University of Health Sciences, Bangalore and approved by Indian Nursing Council. The college offers various nursing programmes at the undergraduate and postgraduate levels.

The motivated faculty, ambitious students and exceptional professorial approach coupled with advanced facilities and infrastructure make Shree Siddaganga Institute of Nursing Sciences and Research Centre as one of the most acclaimed nursing education institution in Karnataka. The quality education offered at the college has prepared over 2500 professional nurses who are contributing positively to community, society and the world.

## PRINCIPAL MESSAGE

**Mrs. Mythreyee.H.R**  
**Principal**

It is with great enthusiasm and a profound sense of responsibility; I extend warm greetings to all of you to our esteemed institution.

The Nursing Profession is the noblest of all professions and has immense demand globally, offering a highly rewarding career. Society believes that the progress of a country depends on the health of the citizens. Education of nurses contributes a lot to promote and maintain the health of the nation.

Transforming young enthusiastic aspirants of nursing to quality nursing professional is a dedicated task at the hands of nurse educators. We, the faculty of nursing take up the responsibility in promoting nursing education based on scientific principles, relating to theory and practice in order to produce skilled, highly competent and qualified nurses, to face the challenges. We promote all round development of the students with special emphasis on intellectual, cultural and spiritual aspects and extracurricular activities to prepare them as effective change agents in the dynamic society.

*I welcome all aspiring young minds and caring hearts to join their hands with us for their academic journey to turn out as a successful nursing professional.*

## DEPARTMENTS

Six departments offer the multi disciplinary exposure to the students.

### ▪ **Medical Surgical Nursing**

The Medical Surgical Nursing Department provides students with specialized knowledge and clinical competencies in caring of adult patients including geriatrics encompassing various medical and surgical conditions, diagnostic procedures, and treatment modalities. In addition to classroom instruction, students gain insights into modern surgical procedures through hands-on experience at lab and the teaching hospital. They also learn to operate sophisticated equipment like ventilators and defibrillators. It trains the students to independently perform activities in promotion of health, prevention of illness, care the ill, disabled and dying people. The students are prepared to provide quality nursing care incorporating the principles of safety, communication, teamwork, collaboration and evidence based practice to patients across life span.

### ▪ **Pediatric Nursing**

The Paediatric (Child Health) Nursing Department strives to impart knowledge and skills required to respond to health care needs of infants, children and adolescents through evidence based practice and safeguarding the health and rights of children. The department facilitates students; to address the unique physical, emotional and developmental needs of young patients, to develop proficiency in identification, prevention and nursing management of health problems and collaborating with interdisciplinary teams to formulate comprehensive care plans and to educate parents on child health including developmental milestones, nutrition and safety. The college has a well-equipped Child Health Nursing Lab that provides students with hands-on experience in various pediatric procedures with paediatric manikins that replicate a range of scenarios and health issues.

### ▪ **Psychiatric Nursing**

The Psychiatric (Mental Health) Nursing department is committed in training students to provide comprehensive care to individuals, families, groups, and communities in the aspect of mental health and mental illness. It uses theories of human behavior as its scientific framework and requires the use of the self as its art or expression in nursing practice. They equip young nurses to form therapeutic relationships with individuals across the lifespan and train the student to transform lives in a positive way. It will help the students

to appreciate the client as a holistic individual and develop skills to continuously intervene and rehabilitate patients with psychiatric problems and their families.

### ▪ **Community Health Nursing**

The community health nursing department focuses on promoting and protecting the health of individuals, families, and communities. It aims at training students to work in partnership with local communities, work to prevent illness and promote health by identifying barriers to healthy lifestyles and general wellness. It is concerned in training students in the areas of family assessment and community assessment to identify health problems of people living in the community. Students are also trained to give health education with emphasis on primary prevention, demonstrate various diet plans based on felt need of family, performing diagnostic techniques by using community bag to screen common communicable and non communicable diseases. Department observes all National Health days by organizing rallies, role plays, Immunization Services.

### ▪ **Obstetrical and Gynecological Nursing**

Obstetrical & Gynecological nursing department is directed towards teaching students in order to provide comprehensive & holistic Nursing care to women during pregnancy, childbirth and post partum period. To have healthy children, it is important to promote the health of the childbearing women and their families from the time before child birth. Prenatal care and guidance is essential to the health of women, the fetus and to the emotional preparation of the family for childrearing. Prompt and efficient care helps to reduce maternal mortality and morbidity. The students undergoing training in this specialty will be able to acquire overall skill to function as midwives focusing evidence based practice both in the Hospital and Community.

### ▪ **Fundamentals of Nursing**

Fundamentals of Nursing Department aim to ensure quality education to the novice students. The department deals with the basic principles and practices of nursing, highlights the significance of the fundamental needs of humans and competence in fundamental skills. The training in basic nursing procedures will help them to give comprehensive nursing care and equip students with knowledge, attitude and skills required to work in various practice areas and to develop as professional nurses with firm commitment to lifelong service and learning. The department incorporates innovative teaching methodologies to support and enhance student learning using advanced manikins.

**FACILITIES**

**Class Room:** Well furnished, well ventilated with adequate lighting facilitated classrooms with well planned seating, teaching aids with projector facility and provision for innovative teaching-learning facilities.

**Laboratory:** Well equipped spacious laboratories viz., Anatomy Lab, Nutrition Lab, Nursing Foundation Lab, Child Health Nursing Lab, Community Health Nursing Lab, OBG Lab, Audio Visual Lab and Computer Lab for hands on training with high tech simulators, manikins, high quality articles and equipment required for demonstration of skills in each department.

**Library:** Fully furnished, well planned library having collection of more than 6600 books, 6 National & 2 International journals, 5 News Papers, Magazines and Health related books, having internet and Helinet facility for continuous upgrading of knowledge. The students are issued 1 set of textbooks free of cost every year.

**Clinical Facilities:** The students gain skill and clinical experience in Parent Hospital; Siddaganga Medical College and Research Centre, Tumkur. They are also sent to other hospitals like Anil Neuropsychiatry Hospital, Tumkur and Cadabams Hospital, Bangalore, based on the needs and requirements to gain required specialty exposure and professional expertise.

**Community Facilities:** The Students are posted for Urban and Rural community health nursing exposure to Kyathsandra and Ramagondanahalli Primary Health Centres.

**Co-curricular Activities:** Nursing institution has Student Welfare wing, which organizes guest lectures, seminars, workshops, conferences, exhibitions, poster presentations, quiz competitions, Role plays, institutional visits, international and

national health days aiding students to exhibit and encourage inculcating talents.

**Extracurricular Activities:**

The students enjoy extracurricular activities organized by the college such as sports and cultural competitions, short trip outing programs, picnics and participation in all the extravagant events.

**Committees:** The institution supports academic, co-curricular and extracurricular activities through various committees; admission committee, academic committee, library committee, research committee, ethical committee, student welfare committee, disciplinary committee, Anti ragging committee, sports committee, cultural committee, staff development committee, hostel committee etc.

**Hostel facilities:** Hostel facility is available for girls. The rooms are well furnished, Clean and ventilated, offer cots, wardrobes, study tables and chairs. Common room with recreational facilities, mess facilities and visitors room are also available.
